

## TAX PLANNING WORKSHOP

Gateway towards obtaining your CFP certification with FPAM, the workshop also functions as a fast-track for participants towards obtaining a CMSRL in Financial Planning with the Securities Commission.

\*Participants who have passed their CUTE or PRS examination will be exempted from Module 1 in CFP\*

### WHY YOU SHOULD ATTEND THIS WORKSHOP?

The growing affluence and sophistication of the investing public means that it is crucial for Financial Planners to stay ahead of their game. Whether as an added value for your clients or to differentiate yourself from other Financial Planners, we see taxation planning as an invaluable skill as part of a Financial Planner's Unique Selling Proposition (USP).

Incorporate these tax planning strategies in formulating your next financial plan. A proper tax planning strategy ultimately translates to tax-savings, and the amount can be significant over the long term.

### WHO SHOULD ATTEND THIS COURSE:

Unit Trust & PRS Consultants, Financial Planners, Bankers, Insurance Agent and working adults with Degree/Diploma.

### LEARNING OBJECTIVES:

This 2-day comprehensive workshop aims to familiarize participants with Malaysian Taxation System and its compliance for the purpose of tax planning. Participants will have a better understanding of the definition of income, types of income and how deductions and rebates can help to alleviate the income tax burden as well as through minimization and deferment of income taxation.

Furthermore, participants will understand that significant savings could be made through proper tax planning for employees and also for businesses. In addition, participants will understand how relief and rebates can be used for tax planning purposes.

### **FINANCIAL TALENTHOUSE by ARECA CAPITAL**

This workshop is part of the Financial TalentHouse initiative by Areca Capital. It is a talent-building program designed to attract, develop and upgrade skills for the investment advisory sector. TalentHouse will equip participants with the critical knowledge, soft-skills and relevant licensing and requirements with FPAM, FIMM and SC. Participants will also be offered a management-trainee position in Areca or its partners for on-the-job training while studying. The program seeks to up-skill the existing workforce in the financial distribution channel such as the tied agents.

Upon graduation from the program, the new financial advisors will be provided with necessary infrastructure such as a financial planning software and IT platform with back room functions provided by Areca Capital.
