ANNUAL REPORT JUNE 2024
ARECA Flexi fixedINCOME FUND

NOTES:

Note 1: *Selling of units by the Management Company (i.e. when you purchase units and invests in the Fund) and redemption of units by the Management Company (i.e. when you redeem your units and liquidate your investments) will be carried out at NAV per unit (the actual value of a unit). The entry/exit fee (if any) would be computed separately based on your net investment/liquidation amount.*

Note 2: *TER is calculated based on the total fees and expenses incurred by the Fund, divided by the average net asset value calculated on a daily basis.*

Note 3: *PTR is computed based on the average of the total acquisitions and total disposals of the investment securities of the Fund, divided by the average net asset value calculated on a daily basis.*

Note 4: *Fund performance figures are calculated based on NAV to NAV and assume reinvestment of distributions (if any) at NAV. The total return and the benchmark data are sourced from Lipper.*

The abovementioned performance computations have been adjusted to reflect distribution payments and unit splits wherever applicable.

Past performance is not necessarily indicative of future performance and unit prices and investment returns may go down, as well as up.

FUND REVIEW

For the year ended 30 June 2024, the Fund posted a return of 2.84% against the benchmark Maybank's 6-month fixed deposit rate of 2.92%. The Fund marginally underperformed the benchmark due to some underperforming collective investment schemes of which were invested for diversification and liquidity.

The Fund has an exposure to corporate bond issues and enhanced and diversified with 84.55% contribution from the structured high-yielding collective investment schemes.

We remain cautious of the global growth headwinds and persistent elevated inflation data. We also opine that the local bond market to remain well supported as hints of 'higher for longer' mantra is at its tail-end phase.

Investment Policy and Strategy

The Fund will primarily invest in a diversified portfolio of Fixed Income Investments and collective investment schemes ("CIS") that are in line with the Fund's objective. Notwithstanding the above, the Fund may adopt a more concentrated strategy by holding higher exposure in a single investment in order to achieve its objective.

It is also the Fund's strategy to invest in CIS and other instrument such as preference shares. Investing in CIS or preference shares with similar investment objectives indirectly gives the Fund exposure to the underlying investment.

The Fund may also invest in derivatives such as futures contracts and options to protect the Fund against adverse movement of markets.

NAV per unit as at 30 June 2024

RM1.2653

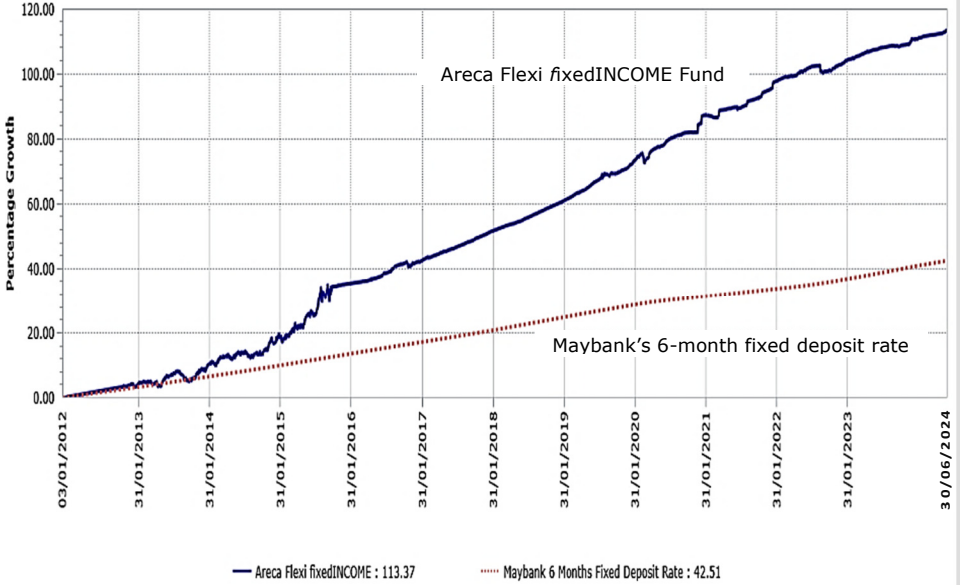

Asset Allocation/Portfolio Composition

	2024	2023	2022
Collective investment schemes	84.55%	78.31%	47.46%
Unquoted fixed income securities	7.83%	21.52%	18.71%

Total Return of Areca Flexi fixedINCOME Fund vs Benchmark

Source Lipper

GLOBAL FIXED INCOME MARKET REVIEW AND OUTLOOK

The year July 2023 to June 2024 under review began with the final Federal Fund Rate (“FFR”) hike in a series of 11 post-Covid 19 pandemic hikes beginning with March 2022 from 0.25% to 5.50%. Global edginess has somewhat quelled as inflation pressure especially in the United States (“U.S.”) have eased to 3.00% with target of 2.00% now realistically in sight. With disinflation trend likely gaining dominance as a theme for the rest of 2024, the U.S. Federal Reserve (“Fed”) are expected to tilt into a rate cutting policy as growth softens moderately. Meanwhile, the U.S. economy continue to grow at a slightly slower pace of 1.40% in first quarter (“Q1”) amidst tight labour market with unemployment at an acceptable level of 4.00% in May.

In the latest update of the World Economic Outlook, the International Monetary Fund (“IMF”) raised the forecast for global economic growth to 3.20% Year-on-Year (“Y-o-Y”) in 2024 from prior 3.10% Y-o-Y while kept its 2025 growth estimate at 3.20% Y-o-Y. Meanwhile, forecast for global headline inflation was revised to 5.90% Y-o-Y in 2024 from previous 5.80% Y-o-Y, and 4.50% Y-o-Y (prior 4.40% Y-o-Y) in 2025. During the review period, the inversion of the U.S. 2/10 Treasury yield curve opened up with a -1.08% before closing the period at a mere 35 basis points (“bps”).

During the year, the European Central Bank (“ECB”) raised key interest rate thrice from 3.75% to 4.50% before dropping it to 4.25% in June 2024 with Eurozone’s headline inflation recording 2.60% Y-o-Y in May compared to 5.30% at the start of the review period. Despite the modest increase in services sector, Eurozone’s inflation risk remains poised towards a downward trend with pressures from geopolitical tensions being contained so far. ECB’s rate may be in line for further cuts. Similarly, the Bank of England (“BOE”) delivered a cumulative hike of 50-bps during the year before maintaining its key interest rates unchanged at 5.25%. In May 2024, Britain’s headline inflation fell to 2.00% Y-o-Y from 2.30% Y-o-Y in April. Meanwhile, core inflation declined to 3.50% Y-o-Y in May from 3.90% Y-o-Y.

U.S. yields bearish-steepened but remain inverted as indicated in the table below.

Benchmark	30-June-23	30-June-24	Changes (bps)
UST 2y	4.90%	4.75%	-15
UST 5y	4.16%	4.37%	+21
UST 10y	3.84%	4.39%	+55
UST 30y	3.86%	4.55%	+69

MALAYSIA FIXED INCOME MARKET REVIEW AND OUTLOOK

On the premise of a supportive growth outlook, Bank Negara Malaysia (“BNM”) continued to maintain its policy stance in “accommodative” manner despite challenges from global economies. During the review period, BNM kept interest rate unchanged at 3.00% on the back of moderating inflation trend and resilient growth. Looking ahead, Malaysian inflation outlook is expected to stay manageable with its recent headline inflation inched up to 2.00% Y-o-Y in May 2024. However, the recent first phase of the subsidy rationalization came into effect in June this year; in the form of the increase in diesel prices. The upward adjustment in transport prices may have a tendency to put pressure on cost-push inflation. This on the other hand potentially increases government receipts from the reduction in subsidy payment to the tune of an estimated RM4bil. Although we do not expect inflation to be substantially derailed from the long-run annual forecast of 2.00% - 3.50% Y-o-Y, we will watch closely the impact of diesel price hike and the planned subsidy removal of RON95. We expect BNM to keep interest rate steady at 3.00% throughout 2024.

Malaysian Government Securities (“MGS”) yields ended mostly higher across the curve as indicated below.

ANNUAL REPORT JUNE 2024
ARECA Flexi fixed**INCOME** FUND

Benchmark	End June23	End June24	Changes
MGS 3y	3.494%	3.529%	+0.035
MGS 5y	3.617%	3.649%	+0.032
MGS 7y	3.762%	3.804%	+0.042
MGS 10y	3.884%	3.879%	-0.005
MGS 20y	4.104%	4.124%	+0.020
MGS 30y	4.147%	4.220%	+0.073

For the first quarter of year 2024 ("1Q24"), Malaysian Gross Domestic Product ("GDP") growth accelerated to 4.20% Y-o-Y from the previous quarter of 2.90% Y-o-Y. The faster pace of growth was mainly underpinned by improvement in domestic demand and smaller drag from net exports. Malaysian economy is expected to gain further traction for the remaining of the year premised on stable domestic demand coupled with continuous recovery in external demand.

The headline Consumer Price Index ("CPI") rose 2.00% Y-o-Y in May 2024, level last seen in August 2023. Core inflation registered 1.90% Y-o-Y in May, similar to previous month. We remain wary of developments resulting from the first phase of subsidy rationalisation and the possible follow up phases.

We expect economic growth to gain momentum with tourism industry gaining pace coupled with moderate inflation risks. Nonetheless, the Overnight Policy Rate ("OPR") is expected to remain unchanged at 3.00% for the year.

CROSS TRADE

Cross trade transactions have been carried out during the reporting year and the Investment Committee of the Fund has reviewed that such transactions are in the best interest of the Fund and transacted on an arm's length (*) and fair value basis.

* Transactions at arm's length refer to transactions entered in the normal course of business at prevailing market price as at the date of cross trade.

SECURITIES FINANCING TRANSACTIONS

The Fund had not undertaken any securities financing transactions during the financial year under review.

STATE OF AFFAIRS

There has been neither significant change to the state of affairs of the Fund nor any circumstances that materially affect any interests of the unitholders during the financial year under review. In relation to this Fund, a Third Supplemental Deed dated 7 June 2024 has been executed.

We also have issued a second supplemental Information Memorandum dated 28 February 2024 and subsequently a replacement Information Memorandum dated 1 July 2024. You may refer to **Appendix 1** for the list of changes.

TRUSTEE'S REPORT

To the Unitholders of Areca Flexi fixedINCOME** Fund ("Fund")**

We have acted as Trustee of the Fund for the financial year ended 30 June 2024 and we hereby confirm to the best of our knowledge, after having made all reasonable enquiries, Areca Capital Sdn Bhd has operated and managed the Fund during the year covered by these financial statements in accordance with the following:

1. Limitations imposed on the investment powers of the management company under the deeds, securities laws and the Guidelines on Unlisted Capital Market Products under the Lodge and Launch Framework;
2. Valuation and pricing is carried out in accordance with the deeds; and
3. Any creation and cancellation of units are carried out in accordance with the deeds and any regulatory requirement.

**INDEPENDENT AUDITORS' REPORT
TO THE UNITHOLDERS OF ARECA FLEXI FIXEDINCOME FUND**

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **ARECA FLEXI FIXEDINCOME FUND** ("the Fund"), which comprise the statement of financial position as at 30 June 2024, and the statement of profit or loss and other comprehensive income, statement of changes in net asset value and statement of cash flows for the year then ended, and notes to the financial statements including material accounting policy information, as set out on pages 14 to 33.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 30 June 2024, and of its financial performance and cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Fund in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information Other than the Financial Statements and Auditors' Report Thereon

The Manager of the Fund is responsible for the other information. The other information comprises Manager's and Trustee's reports, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager and Trustee for the Financial Statements

The Manager of the Fund is responsible for the preparation of the financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error. The Trustee is responsible for ensuring that the Manager maintains proper accounting and other records as are necessary to enable the fair presentation of these financial statements.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

ANNUAL REPORT JUNE 2024
ARECA Flexi fixed**INCOME FUND**

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other Matters

This report is made solely to the unitholders of the Fund, as a body, and for no other purpose. We do not assume responsibility towards any other person for the content of this report.

The financial statements of the Fund for the preceding financial year ended 30 June 2023 were audited by another firm of auditors whose report thereon dated 29 August 2023 expressed an unmodified opinion on those financial statements.

NOTES TO THE FINANCIAL STATEMENTS

1 GENERAL INFORMATION

Areca Flexi fixedINCOME Fund ("the Fund") was formed under a custodian structure on 3 January 2012. A Trustee was later appointed for the Fund with the signing of a Trust Deed dated 28 April 2011 as modified by the First Supplemental Deed dated 15 August 2013, Second Supplemental Deed dated 5 July 2023 and Third Supplemental Deed dated 7 June 2024 ("the Deeds") between Areca Capital Sdn Bhd as the Manager, RHB Trustees Berhad as the Trustee and all the registered unitholders of the Fund.

The principal activity of the Fund is to invest in investments as defined under Schedule 7 of the Trust Deeds, which include fixed income securities issued by the Malaysian Government or Bank Negara Malaysia ("BNM") or any other government related bodies. Such instrument include Malaysian Government Securities, Treasury Bills and Bank Negara Bills; issues guaranteed by the Government of Malaysia or BNM or any State Government in Malaysia; issues by bank or Financial Institution such as Banker's Acceptances and Negotiable Certificate of Deposits; corporate bonds including those convertibles into equities; units and shares in collective investment schemes; preference shares; derivatives such as future contracts and options for hedging purposes only; foreign sovereign bonds and corporate bonds including those convertibles into equities; deposit with financial institutions; local or foreign money market instrument; and any other form of investments which are in line with the Fund's objective and as may be agreed upon by the Manager and Trustee from time to time. The Fund commenced operations on 3 January 2012 and will continue its operations until terminated by the Trustee in accordance with Part 11 of the Trust Deeds.

The objective of the Fund is to provide steady income and moderate capital appreciation. Any material changes to the Fund's objective would require unitholders' approval.

The Manager of the Fund is Areca Capital Sdn Bhd, a company incorporated in Malaysia. It is engaged in managing, administering, marketing and distributing unit trust funds, managing and administering funds under private mandates and the regulated activities of financial planning and providing investment advice.

The financial statements were authorised for issue by the Board of Directors of the Manager on 21 August 2024.

2 BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs") as issued by the Malaysian Accounting Standard Board ("MASB"), International Financial Reporting Standards ("IFRSs") and the relevant Securities Commission Malaysia guidelines.

Adoption of Amendments to MFRSs

The Fund has applied the following relevant Amendments for the first time for the financial year beginning on 1 July 2023:

Amendments to MFRS 101 *Disclosure of Accounting Policies*
Amendments to MFRS 108 *Definition of Accounting Estimates*
Amendments to MFRS 112 *International Tax Reform - Pillar Two Model Rules*

The adoption of the above did not give rise to any material effects on the financial statements of the Fund.

New MFRSs and Amendments to MFRSs in Issue But Not Yet Effective

At the date of authorisation for issue of these financial statements, the relevant new MFRSs and Amendments to MFRSs which were in issue but not yet effective and not early adopted by the Fund are listed below:

	Effective for annual periods beginning on or after
Amendments to MFRS 101 <i>Classification of Liabilities as Current or Non-current</i>	1 January 2024
MFRS 18 <i>Presentation and Disclosure in Financial Statements</i>	1 January 2027

The Manager of the Fund anticipates that the abovementioned new MFRSs and Amendments to MFRSs will be adopted in the annual financial statements of the Fund when they become effective and that the adoption of these Amendments will have no material impact on the financial statements of the Fund in the period of initial application.

3 MATERIAL ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Fund have been prepared under the historical cost convention. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Fund takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of MFRS 2, leasing transactions that are within the scope of MFRS 16, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in MFRS 102 or value in use in MFRS 136.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies adopted are set out below.

Income Recognition

Dividend income is recognised based on the date when the right to receive the dividend has been established.

Interest income from short-term deposits and unquoted fixed income securities are recognised on an accrual basis based on the effective yield of the asset.

ANNUAL REPORT JUNE 2024
ARECA Flexi fixed **INCOME FUND**

Realised gain and loss on disposal of investments is arrived at based on net sales proceeds less carrying value. Any unrealised gain and loss previously charged to profit or loss in relation to the disposal of these investments will be reversed and classified as realised gain or loss during the financial year.

Unrealised gains and losses are calculated based on changes in the fair value of financial instruments at the end of the reporting year.

Income Tax

Pursuant to Paragraph 35 and 35A, Schedule 6 of the Income Tax Act 1967, interest income derived by the Fund is exempt from tax, and pursuant to Paragraph 61(1)(b) of the Income Tax Act 1967, gains from realisation of investments are not treated as income and is also exempt from tax.

Functional and Presentation Currency

The financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates ("the functional currency"). The financial statements are presented in Ringgit Malaysia ("RM"), which is also the Fund's functional currency.

Unitholders' Capital

The unitholders' contributions to the Fund meet the definition of puttable instruments classified as equity instruments.

The units in the Fund are puttable instruments which entitle the unitholders to a pro-rata share of the net asset value of the Fund. The units are subordinated and have identical features. There is no contractual obligation to deliver cash or another financial asset other than the obligation on the Fund to repurchase the units. The total expected cash flows from the units in the Fund over the life of the units are based on the change in the net asset value of the Fund.

Creation and Cancellation of Units

The Fund issues cancellable units, which are cancelled at the unitholders' option and are classified as equity. Cancellable units can be put back to the Fund at any time for cash equal to a proportionate share of the Fund's net asset value. The outstanding units are carried at the redemption amount that is payable at the net asset value if the holder exercises the right to put the units back to the Fund.

Units are created and cancelled at the unitholders' option at prices based on the Fund's net asset value per unit at the time of creation or cancellation. The Fund's net asset value per unit is calculated by dividing the net assets attributable to unitholders with the total number of outstanding units.

Financial Instruments

Categories of financial assets are determined on initial recognition and are not reclassified subsequent to their initial recognition unless the Fund changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting year following the change of the business model.

Financial Assets

(i) Classification

The Fund classified its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments that are not held for trading, the Fund can make an irrevocable election at the time of initial recognition to account for the equity investments either at fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL").

(ii) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Fund commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all the risks and rewards of ownership.

(iii) Measurement

At initial recognition, the Fund measures a financial asset at its fair value plus, in the case of a financial asset not at FVTPL, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in profit or loss.

Impairment of Financial Assets

The Fund assesses at the end of each reporting year whether there is any objective evidence that a financial asset is impaired.

The Fund applies the simplified approach under MFRS 9 which requires expected lifetime loss to be recognised from initial recognition. The expected loss allowance is based on provisional matrix.

Derecognition of Financial Assets

The Fund derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Fund neither transfer nor retain substantially all the risks and rewards of ownership and continues to control the transferred asset, the Fund recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Fund retains substantially all the risks and rewards of ownership of a transferred financial asset, the Fund continue to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Equity Instruments

The Fund measures its equity investments at fair value with gains or losses on valuation recognised in profit or loss unless Fund's management has made an irrevocable election to recognise the fair value gains and losses in other comprehensive income at its initial stage.

Financial Liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL.

A financial liability is any liability with contractual obligation to deliver cash or another financial asset to another enterprise, or to exchange financial instruments with another enterprise under conditions that are potentially unfavourable.

Financial Liabilities Measured Subsequently at Amortised Cost

Financial liabilities that are not held for trading, or designated as at FVTPL, are measured subsequently at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant years. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

A financial liability is derecognised when the obligation under the liability is extinguished. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

Investments

Investments in collective investment schemes are valued at FVTPL based on the Net Asset Value of such collective investment schemes at the end of the reporting year.

Unquoted fixed income securities are valued at FVTPL and are generally valued by reference to published prices of an approved bond pricing agency ("BPA").

Unquoted equity securities in preference shares are valued at FVTPL. Where no market data is available, the Fund will value the investment based on valuation methods and techniques generally recognised as standard within the industry.

Gains or losses arising from the changes in the fair value of the investments is recognised in the profit or loss and are classified as unrealised gain or loss.

Classification of Realised and Unrealised Gains and Losses

Gains or losses arising from the disposal of financial instruments are recognised as realised gains or losses in the profit or loss.

Gain or losses arising from the changes in the valuation of financial instruments at the end of the reporting year are recognised as unrealised gains or losses in the profit or loss.

Provisions

Provisions are recognised when the Fund has a present obligation (legal or constructive) as a result of a past event, where it is probable that the Fund will be required to settle that obligation and a reliable estimate can be made of the amount or timing of the obligation.

ANNUAL REPORT JUNE 2024
ARECA Flexi fixed**INCOME FUND**

The amount recognised as a provision will be the best estimate of the amount required to settle the present obligation at the reporting date, taking into account the uncertainties surrounding the obligation. Where a provision is measured using the estimated cash flows to settle the present obligation, its carrying amount will be the present value of those cash flows.

Statement of Cash Flows

The Fund adopts the direct method in the preparation of the statement of cash flows.

Cash and cash equivalents, which comprise cash and balances with banks and other financial institutions and deposit placements, are short-term, highly liquid investments with maturities of three months or less from the date of acquisition or are readily convertible to cash with insignificant risk of changes in value.

4 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

(i) **Critical judgements in applying accounting policies**

In the process of applying the Fund's accounting policies, which are described in Note 3 above, the Manager is of the opinion that there are no instances of application of judgement which are expected to have a significant effect on the amounts recognised in the financial statements.

(ii) **Key sources of estimation uncertainty**

The Manager believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the end of the reporting year, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year except as disclosed below:

(a) Fair value estimation of preference shares

The preference shares are not quoted in an active market. Where no market data is available, the Fund will value the investment based on valuation methods and techniques generally recognised as standard within the industry, and are generally based on the net present value of contractual cash flows of the securities discounted using a discount rate which approximates the expected rate of return by the unitholders.

Cancelled during the year	<u>(43,884,777)</u>	<u>(21,117,796)</u>
At end of the year	<u>74,965,129</u>	<u>84,212,158</u>

9 MANAGEMENT FEE

The Schedule 8 of the Deeds provides that the Manager is entitled to an annual management fee at a rate not exceeding 2.50% per annum computed daily on the net asset value of the Fund before the deduction of the management fee and Trustee's fee for the relevant day. The management fee provided in the financial statements is 0.42% (2023: 0.64%) per annum for the financial year, net of management fee rebate on the collective investment schemes.

10 TRUSTEE'S FEE

The Schedule 9 of the Deeds provides that the Trustee is entitled to an annual Trustee's fee at a rate not exceeding 0.25% per annum computed daily on the net asset value of the Fund before the deduction of the management fee and Trustee's fee for the relevant day. The Trustee's fee provided in the financial statements is 0.05% (2023: 0.05%) per annum for the financial year.

11 INCOME TAX EXPENSE

There is no income tax expenses for the year as interest income derived by the Fund is exempted from tax pursuant to Paragraph 35 and 35A, Schedule 6 of the Income Tax Act 1967. Gains arising from realisation of investments are not treated as income pursuant to Paragraph 61(1)(b) of the Income Tax Act 1967.

12 TOTAL EXPENSE RATIO AND PORTFOLIO TURNOVER RATIO

Total Expense Ratio (TER)

Total expense ratio for the Fund is 0.49% (2023: 0.71%) for the financial year ended 30 June 2024. The total expense ratio which includes management fee, trustee's fee, audit fee, tax agent's fee and other expenses, is calculated as follows:

$$\text{TER} = \frac{(A + B + C + D + E)}{F} \times 100$$

ANNUAL REPORT JUNE 2024
ARECA Flexi fixedINCOME FUND

- A = Management fee
B = Trustee's fee
C = Audit fee
D = Tax agent's fee
E = Other expenses
F = Average net asset value of the Fund

The average net asset value of the Fund for the financial year is RM98,595,532 (2023: RM110,276,922).

Portfolio Turnover Ratio (PTR)

The portfolio turnover ratio for the Fund is 0.45 times (2023: 0.69 times) for the financial year ended 30 June 2024. The portfolio turnover ratio is derived from the following calculation:

$$\frac{\text{(Total acquisition for the financial year + total disposal for the financial year)} \div 2}{\text{Average net asset value of the Fund for the financial year calculated on a daily basis}}$$

Where: total acquisition for the financial year = RM36,891,408 (2023: RM78,714,092)
total disposal for the financial year = RM52,365,414 (2023: RM72,592,229)

13 UNITS HELD BY THE MANAGER AND PARTIES RELATED TO THE MANAGER

As at end of the financial year, the total number and value of units held by the Manager and related parties are as follows:

	<----- 2024 ----->	<----- 2023 ----->		
	No. of units	RM	No. of units	RM
The Manager	39,226	49,633	-	-
Directors of the Manager (The above units are held legally and beneficially)	98,265	124,335	-	-
	137,491	173,968	-	-

The Directors of the Manager are of the opinion that the transactions with the related parties have been entered into in the normal course of business and have been established on terms and conditions that are not materially different from that obtainable in transactions with unrelated parties. These dealings with related parties have been transacted at arm's length basis.

14 TRADE WITH BROKERS/DEALERS

Details of transactions with brokers/dealers are as follow:

Brokers/Dealers	Value of Trades RM	% of Total Trades %
2024		
Malayan Banking Bhd	14,150,745	57.41
Hong Leong Bank Bhd	6,007,539	24.37

KAF Investment Bank Bhd	978,500	10.74
	<u>9,106,877</u>	<u>100.00</u>

15 RISK MANAGEMENT POLICIES

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund seeks to provide sophisticated investors with a stable stream of consistent income while maintaining capital stability by investing in fixed income investments with medium to long term investment horizon. In order to meet its stated investment objectives, the Fund utilises risk management for both defensive and proactive purposes. Rigorous analysis of sources of risk in the portfolio is carried out and the following policies are implemented to provide effective ways to reduce future risk and enhance future returns within the Fund's mandate.

The key risks faced by the Fund are credit risk, liquidity risk, market risk (including interest rate risk and price risk) primarily on its investments and capital risk.

Categories of Financial Instruments

	2024 RM	2023 RM
Financial assets		
Carried at FVTPL:		
Investments	<u>87,626,171</u>	<u>103,441,911</u>
Amortised cost:		
Cash and cash equivalents	7,175,621	218,166
Amount due from Manager	-	9,505
Dividend receivables	<u>102,864</u>	<u>-</u>
Financial liabilities		
Amortised cost:		
Other payables and accrued expenses	<u>52,903</u>	<u>53,908</u>

Credit risk management

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Fund by failing to discharge an obligation. The Fund is exposed to the risk of credit-related losses that can occur as a result of a counterparty or issuer being unable or unwilling to honour its contractual obligations to make timely repayments of interest, principal and proceeds from realisation of investments.

The Manager manages the Fund's credit risk by undertaking credit evaluation and close monitoring of any changes to the issuer/counterparty's credit profile to minimise such risk. It is the Fund's policy to enter into financial instruments with reputable counterparties.

The Fund's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statement of financial position. None of the Fund's financial assets were past due or impaired as at 30 June 2024, except for an investment in preference shares with carrying value of RM1 (2023: RM1).

ANNUAL REPORT JUNE 2024
ARECA Flexi fixed**INCOME** FUND

The credit risk for cash at bank is considered negligible since the counterparties are reputable banks with high quality external ratings.

The Fund invests only in unquoted fixed income securities of at least investment grade as rated by a credit rating agency at inception. The Fund also invests in government backed/related securities which are not rated by credit rating agency. The following table set out the Fund's portfolio of unquoted fixed income securities by rating categories:

Credit Rating	Fair Value RM	As a % of unquoted fixed income securities %	As a % of NAV %
2024			
Unquoted fixed income securities			
AAA IS	1,075,529	14.48	1.14

NR (LT)	8,848,769	39.68	8.54
	22,302,030	100.00	21.52

The following table set out the Fund's portfolio of investments by industry:

	Short-term deposits RM	Collective investment schemes RM	Unquoted fixed income securities RM	Unquoted equity securities RM
2024				
Industry				
Construction	-	-	2,055,644	1
Finance, insurance and business services	7,173,005	80,197,663	5,372,863	-
	7,173,005	80,197,663	7,428,507	1
2023				
Industry				
Construction	-	-	6,351,259	1
Finance, insurance and business services	-	81,139,880	15,950,771	-
	-	81,139,880	22,302,030	1

Liquidity risk management

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Exposure to liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities or redeem its units earlier than expected. The Fund manages its liquidity risk by investing predominantly in securities that it expects to be able of being converted into cash with 7 days.

All financial liabilities are repayable on demand or due within 1 year from the date of the statement of financial position.

Market risk management

This is a class of risk that inherently exists in an economy and cannot be avoided by any business or Fund. It is usually due to changes in market variables such as interest rates and markets prices.

During the financial year, as the Fund invests only in collective investment schemes, unquoted fixed income securities and unquoted equity securities, the performance of the Fund might go up or down in accordance with the prevailing market risk in Malaysia.

Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate. The Fund is not exposed to interest rate risk through the impact of market interest rate changes as the interest rates on unquoted fixed income securities and unquoted equity securities are fixed on the inception. The Fund's short-term deposits and cash at bank earn interest at floating rates but is not exposed to any significant interest rate risk as the floating rates, represented by overnight cash rates, do not fluctuate significantly year-on-year.

The Fund is exposed to risk of fluctuation in fair value of financial assets as a result of change in the market interest rate. The valuation for financial assets at FVTPL move inversely to the market interest rate movements. As the market interest rate rise, the fair value of financial assets at FVTPL decrease and vice versa.

Price risk management

Price risk is the risk of unfavourable changes in the fair value of unquoted fixed income securities and unquoted equity securities as the result of changes in the levels of the equity indices and the value of the individual securities. The price risk exposure arises from the Fund's investment in unquoted fixed income securities and unquoted equity securities. The Manager manages the unfavourable changes in prices by continuous monitoring of the performance and risk profile of the investment portfolio.

Price risk sensitivity

The Manager's best estimate of the effect on the income for the year due to a reasonably possible change in price, with all other variables held constant is indicated in the table below:

	Changes in price %	Effect on profit or loss Increase/(Decrease) RM
2024		
Investments	+5/-5%	<u>4,381,309/(4,381,309)</u>

ANNUAL REPORT JUNE 2024
ARECA Flexi fixed**INCOME** FUND

	Changes in price	Effect on profit or loss
	%	Increase/ (Decrease)
2023		RM
Investments	+5/-5%	5,172,096/(5,172,096)

Capital risk management

The capital of the Fund is represented by equity consisting of unitholders' capital and retained earnings. The amount of equity can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of unitholders. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for unitholders and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

16 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions.

The fair value of the collective investment scheme is determined based on the last published repurchase price unit of such collective investment scheme as at the end of the reporting year.

Unquoted fixed income securities are valued using fair value prices quoted by a bond pricing agency ("BPA"). When no market price is available or during abnormal market or when the Manager is of the view that the price quoted by BPA for a specific bond differs from the market price by more than 20 basis points, the Manager will separately assess the security to determine the price valuation, and the Manager will record the valuation basis and obtain the necessary internal approvals for using the non-BPA price.

The fair value of preference shares which is not quoted in an active market may be determined by the Fund using reputable pricing sources (such as pricing agencies) or indicative prices from bond/debt market makers. Broker quotes as obtained from the pricing sources may be indicative and not executable or binding. The Fund would exercise judgement and estimates on the quantity and quality of pricing sources used. Where no market data is available, the Fund may value positions using its own models, which are usually based on valuation methods and techniques generally recognised as standard within the industry. The inputs into these models are primarily earning multiples and discounted cash flows. The models used to determine fair values are validated and periodically reviewed by experienced personnel, independent of the party that created them. The models used for the preference shares are based on net present value of estimated future cash flows, adjusted as appropriate for liquidity, and credit and market risk factors.

For deposits and placements with financial institutions with maturities of less than twelve months, the carrying value is a reasonable estimate of fair value.

The carrying amounts of other financial assets and financial liabilities approximate their fair values due to short maturity of these instruments.

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable.

ANNUAL REPORT JUNE 2024
ARECA Flexi fixed**INCOME FUND**

	Level 1 RM	Level 2 RM	Level 3 RM	Total RM
2024				
Financial assets at FVTPL				
Collective investment schemes	-	80,197,663	-	80,197,663
Unquoted fixed income securities	-	7,428,507	-	7,428,507
Unquoted equity securities*	-	-	1	1
				<u>1</u>
2023				
Financial assets at FVTPL				
Collective investment schemes	-	81,139,880	-	81,139,880
Unquoted fixed income securities	-	22,302,030	-	22,302,030
Unquoted equity securities*	-	-	1	1
				<u>1</u>

There were no transfer between Levels 1, 2 and 3 during the financial year.

* The fair value of the unquoted equity securities were determined based on expected future cash flows discounted at prevailing rate of interest at reporting date. As the expected future cash flow is determined to be RM1, the fair value was determined to be RM1.

17 COMPARATIVE FIGURES

REDEMPTION PAYMENT	We will pay you within 10 days upon receipt of the duly completed original redemption form. However, it is the Manager's general redemption policy to mak payments within 3 Business Days of the transaction day (T+3 days).	We will pay you within <u>seven (7) Business Days upon receipt of the duly completed original Redemption form. However, for this Fund, it is our general Redemption policy to make payment within three (3) Business Days (T+3 day).</u> <u>Please note that for third party distributors such as IUTA, the Redemption payment could be longer, however it will still be within seven (7) Business Day as aforementioned.</u> Redemption proceeds will be only paid to the principal holder, unless requested by the principal Unit Holder to pay to the Jointholder. We do not pay the redemption proceeds to any third-party.	The information on Redemption Payment has been amended.
	TRANSFER FACILITY	TRANSFER OF UNITS	The following term has been redefined.
CUT-OFF TIME	3.00p.m; we will process your transaction on the next Business Day if we receive your application after the cut off time.	<u>All completed transaction forms and investment notice must be submitted to the Manager before the cut-off time, on any Business Day. We will process your transaction on the next Business Day if we receive your application after the cut-off time. Distributors may impose an earlier cut-off time if you purchase the Units through our distributors. Redemption proceeds will only be credited into your account after we receive your original Redemption form. Please refer to our company website, www.arecacapital.com for the cut-off time.</u>	The information on Cut-Off Time has been amended to provide clarity
CAPITAL DISTRIBUTION		Capital distribution without cancellation / Redemption of Units ("Cash Capital Distribution") The Manager may declare Cash Capital Distribution by way of cash to Unit Holders at its discretion; Cash Capital Distribution will reduce the NAV of the Fund without reducing the total Units In circulation. Capital distribution by way of mandatory cancellation / Redemption of Units ("Capital Redemption") The Manager may make Capital Redemption through the compulsory Redemption of the Units held by the Unit Holders at its discretion. Capital distribution of the Fund (with or without cancellation of Units) is pursuant to the maturity of the investment, disposal of the investment by Manager or early redemption of the investment by issuer (if any) and the Manager does not intend to reinvest the investment proceeds.	Information on Capital Distribution has been added to provide clarity.
	INCOME /CAPITAL DISTRIBUTION REINVESTMENT POLICY	INCOME DISTRIBUTION REINVESTMENT POLICY	The following term has been redefined.
INCOME DISTRIBUTION RE-INVESTMENT POLICY	In the absence of any instructions, we are entitled to reinvest the income distributed from the Fund in additional units of the Fund at the NAV per Unit of the distribution day without any entry fee. In regards to any capital distribution, very rare if any, we will reinvest the proceeds into another unit trust fund as determined by us at our discretion, at the NAV per Unit of the distribution day without any entry fee.	<u>In the absence of any instructions, we will, at our discretion, reinvest the income distribution or capital distribution of the Fund into another unit trust fund as determined by the Manager at the net asset value per unit of that unit trust fund on the distribution day of the Fund without any entry fee.</u>	The information on Income Distribution Reinvestment Policy has been amended.
	DISTRIBUTION OF INCOME	DISTRIBUTION POLICY	The following term has been redefined.
DEED THAT GOVERNS THE FUND	<ul style="list-style-type: none"> • The Deed dated 28 April 2011 • First Supplemental Deed Dated 15 August 2013 		The following information has been deleted.

SOFT COMMISSIONS	<p>The Manager will retain soft commissions received from stockbrokers, provided these are of demonstrable benefit to the Unit Holders and in the form of research and advisory services that assist in the decision making process relating to the Fund's investments. The soft commissions may be in the form of goods and services such as data and quotation services, computer software incidental to the management of the Fund and investment related publications. Cash rebates, if any, will be directed to the account of the Fund.</p>	<p>The Manager will retain soft commissions received from brokers or dealer, <u>provided that:</u></p> <ul style="list-style-type: none"> (a) <u>the soft commissions bring direct benefit or advantage to the management of the Fund and may include research and advisory related services;</u> (b) <u>any dealing with the broker or dealer is executed on terms which are the most favourable for the Fund; and</u> (c) <u>the availability of soft commissions is not the sole or primary purpose to perform or arrange transactions with such broker or dealer, and the Manager or a fund manager shall not enter into unnecessary trades in order to achieve a sufficient volume of transactions to qualify for soft commissions.</u> <p>The soft commissions may be in the form of goods and services such as data and quotation services, computer software incidental to the management of the Fund and investment related publications. Cash rebates, if any, will be directed to the account of the Fund.</p>	<p>The information on Soft Commission has been amended.</p>
RISKS FACTORS	<p>Market Risk Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the Fund's NAV.</p>	<p>Market Risk Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political, social and/or other factors, which will result in a decline in the fund's <u>net asset value</u>. <u>Market risk stems from the fact that there are economy-wide perils which impact all businesses. Investors will be exposed to market uncertainties no matter how a fund's investments are diversified. The fluctuations in the economy, political and social environment will affect the market price of the fund's investments either in a positive or negative way.</u></p>	<p>The information on Market Risk has been amended.</p>
	<p>Currency Risk As the base currency of the Fund is in Malaysian Ringgit, any fluctuation in the exchange rate between the base currency and the currencies in which the investments are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments are denominated depreciate against the base currency, this will have an adverse effect on the NAV of the Fund in the base currency and vice-versa. Investors should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.</p>	<p>Currency Risk As the base currency of the Fund is in Malaysian Ringgit, any fluctuation in the exchange rate between the base currency <u>of the Fund</u> and the currencies in which the investments <u>of the Fund</u> are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments <u>of the Fund</u> are denominated depreciate against the base currency <u>of the Fund</u>, this will have an adverse effect on the NAV of the Fund in the base currency <u>of the Fund</u> and vice-versa. Investors should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment <u>of the Fund</u>.</p>	<p>The information on Currency Risk has been amended.</p>
	<p>Liquidity Risk Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavourable prices.</p>	<p>Liquidity Risk Liquidity risks refer to the ease of liquidating an asset at or near its fair value depending on the asset's volume traded in the market. If the fund holds assets that are illiquid, or are difficult to dispose of, the value of the fund will be negatively affected when it has to sell such assets at unfavourable prices. <u>In situation where the fund has insufficient cash and is unable to liquidate its assets due to market condition as aforesaid, redemption requests made by the unit holders are likely to be affected as the manager may not be able to fulfil its payment obligation on time.</u></p>	<p>The information on Liquidity Risk has been amended.</p>

ANNUAL REPORT JUNE 2024
ARECA Flexi fixedINCOME FUND

Section	Existing	Revised	Comments
		<p>Financing Risk The risk occurs when investors take a financing to finance their investment and thereafter unable to service the financing payments. If units are used as collateral, an investor may be required to top-up the investor's existing instalment if the prices of units fall below a certain level due to market conditions. Failing which, the units may be sold at a lower net asset value per unit as compared to the net asset value per unit at the point of purchase towards settling the financing.</p> <p>Concentration Risk Concentration risk is the probability of loss arising from lack of diversification, investing with a single issuer. The strength of the issuer may be affected due to changes of financial performance, news of a possible merger or loss of key personnel of the issuer.</p> <p>Non-Compliance Risk This risk refers to the possibility that the manager may not follow the provisions set out in the information memorandum, the deed or the relevant laws, rules, guidelines or internal operating policies which governs the fund. Non-compliance may occur directly due to factors such as human error or system failure and can also occur indirectly due to amendment on the relevant regulatory frameworks, relevant laws, rules, and other legal practices affecting the fund. This risk may result in operational disruptions and potential losses to the fund.</p> <p>Suspension of Redemption Request Risk Having considered the best interests of unit holders, the redemption requests by the Unit Holders may be subject to suspension due to exceptional circumstances, where the market value or fair value of a material portion of the fund's assets cannot be determined. In such case, unit holders will not be able to redeem their units and will be compelled to remain invested in the fund for a longer period of time than original timeline. Hence, their investments will continue to be subject to the risks inherent to the fund.</p>	<p>The following risk has been added.</p>

ANNUAL REPORT JUNE 2024
ARECA Flexi fixedINCOME FUND

Section	Existing		Revised		Comments
BASES OF VALUATION OF THE ASSETS OF THE FUND	Deposits	Deposits are valued by reference to the value of such investments and the profit accrued thereon for the relevant period.	Investment Instruments	Valuation Basis	The following information has been amended.
	Unlisted Fixed Income Investment	<p>Fixed Income Investment shall be based using the appropriate price by reference to quotes/ yield published by bond pricing agency (BPA) registered with SC. Where the Manager is of the view that the price/ Yield quoted by BPA for a specific bond differs from the "market price: by more than 20 basis points, the Manager may use the "market price" provided that the Manager records its basis for using a non-BPA price, obtains the necessary internal approvals to use the non-BPA price and keeps and audit trail of all decisions and basis for adopting "market price".</p> <p>For foreign unquoted fixed income investment, valuation will be based on prices by reference to the average indicative yield quoted by three or more independent and reputable institutions. Where there are less than three indicative yields available, the Manager may consider to use other sources such as from Bloomberg or apply the indicative yield(s) available from the independent institutions if there are less than three, provided the indicative yield(s) are approximate to the fair value.</p>	Investment instruments that are listed and quoted on an exchange	The official closing price or last known transacted price on the eligible market on which the investment is quoted. However, if the price is not representative, for example during abnormal market conditions or not available to the market including in the event of a suspension in the quotation of the investment instrument for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee, the investment will be valued at fair value.	
			Investment instruments not listed or quoted on an exchange	At fair value as determined in good faith by the Manager.

VALUATION POINT	<p>Valuation point refers to the time(s) on a Business Day as may be decided by the Manager wherein the NAV of the Fund is calculated. The Manager, at its discretion, may consider additional valuation point(s) for the Fund when there is a material market movement within the day (more than 5% of the last valuation point). The Fund will be valued at the end of the Business Day.</p> <p>If and when the Fund invests in a foreign market, the valuation of the Fund may be carried by 5.00p.m (or such other time as may be permitted by the relevant authorities from time to time) on the following Business Day (T+1 Day).</p> <p>This is due to certain foreign markets in which the Fund may invest in have yet to close due to the different time zones. As such, the daily NAV of the Fund will be determined on T+1 Day and will be published on T+2.</p>	<p><u>Every Business Day is a dealing day of the Fund where the Fund is open for sale and repurchase of Units by the Manager. The Fund will be valued at least once every Business Day. The Fund will be valued at the end of every Business Day and the Manager will publish the NAV per Unit on the Manager's website at www.arecacapital.com following the valuation of the Fund.</u></p>	The information of Valuation Point has been amended.																														
HOW IS THE NAV (ACTUAL VALUE) PER UNIT CALCULATED?	<p>The Manager will calculate the NAV of the Fund at the end of valuation point. The NAV is defines as the total value of the Fund's investment, assets and properties less any liabilities or provisions. Where applicable, investment income, interest payable, fees and other liabilities will be accrued daily in arriving at the NAV of the Fund. The NAV per Unit is then determined by dividing the NAV of the Fund by the number of Units in circulation at the valuation point rounded nearest to four (4) decimal places or as agreed between Manager and Trustee.</p>	<p>The Manager will calculate the NAV of the Fund at the end of the valuation point. 		<p>introduction of any law, regulation or requirement (whether or not having the force of law) of any governmental or regulatory authority;</p> <p>n) remuneration and out of pocket expenses of the person(s) or members of a committee undertaking the oversight function of the Fund, unless the Manager decides otherwise;</p> <p>o) costs, fees and expenses incurred in connection with the printing and postage for the annual and quarterly reports, tax certificates, reinvestment statements and other services associated with the administration of the Fund;</p> <p>p) (where the custodial function is delegated by the Trustee) charges and fees paid to sub-custodians taking into custody any foreign assets of the Fund;</p> <p>q) costs and expenses incurred in relation to the distribution of income and/or declaration of capital distribution (if any);</p> <p>r) fees in relation to fund accounting; and</p> <p>s) any tax now or hereafter imposed by law or required to be paid in connection with any costs, fees and expenses incurred under sub-paragraphs (a) to (r) above.</p>	
TERMINATION OF THE FUND	<p>The Manager may terminate the trust and wind up the Fund in accordance with the Deed. Notwithstanding the aforesaid, if the Fund is left with no Unit Holders, the Manager shall be entitled to terminate the Fund.</p>	<p><u>The Manager may without having to obtain the prior approval of the Unit Holders, terminate the trust and wind up the Fund upon the occurrence of any of the following events:</u></p> <p>(a) <u>if any new law shall be passed which renders it illegal; or</u> (b) <u>the Manager and the Trustee agree that it is no longer economical for the Manager to continue managing the Fund and the termination of the Fund is in the best interests of the Unit Holders.</u></p> <p>If the Fund is left with no Unit Holder, the Manager shall also be entitled to terminate the Fund.</p>	<p>The information on Termination of the Fund has been amended.</p>
RELATED-PARTY TRANSACTION AND CONFLICT OF INTEREST		<p>Areca Capital Sdn Bhd</p> <p>We have in place policies and procedure to deal with any conflict of interest situations. All transactions with related parties are executed on terms that are best available to the Fund and which are no less favourable than arm's length transaction between independent parties.</p> <p>The fund management team exercises its discretion to make independent investment decisions, which include asset allocations and individual stocks / instrument selection based on fundamental research and analysis. These decisions are informed by considerations such as market outlook, interest rate trends, and the suitability of the investment to the Fund's objectives. The person(s) or members of a committee undertaking the oversight function of the Fund provide oversight on the fund management team's investment strategy and its application to the Fund, ensuring that the investments align with the Fund's investment goals.</p> <p>Over and above all decisions and steps taken to avoid potential and/or actual conflict of interest, the overarching principle of "the interest of the investor to prevail above all" will be upheld. This is a core principle of the investment approach and underscores the commitment to maintaining the highest levels of integrity and transparency by the Manager.</p>	<p>The information on Related-Party Transaction And Conflict Of Interest has been added.</p>

ANNUAL REPORT JUNE 2024
ARECA Flexi fixedINCOME FUND

Section	Existing	Revised	Comments
		<p>Our directors or any employees may invest in the Fund managed or distributed by us. Trading in securities by our employees is allowed, provided that policies and procedures in respect of the personal account dealing are observed. An annual declaration of securities trading is required from all directors and employees to ensure there is no potential conflict of interest.</p> <p>The Manager may pay up to 100% of the fees and charges as commission to distribution partner.</p> <p>RHB Trustees Berhad As trustee for the Fund, there may be related party transaction involving or in connection with the Fund in the following events: -</p> <ol style="list-style-type: none"> 1. where the Fund is being distributed by the related party of the Trustee as IUTA; 2. where the assets of the Fund are being custodised by the related party of the Trustee both as sub-custodian and/or global custodian of the Fund (Trustee's delegate); and 3. where the Fund obtains financing as permitted under the Guidelines, from the related party of the Trustee. <p>The Trustee has in place policies and procedures to deal with any conflict of interest situation. The Trustee will not make improper use of its position as the owner of the Fund's assets to gain, directly or indirectly, any advantage or cause detriment to the interests of Unit Holders. Any related party transaction is to be made on terms which are best available to the Fund and which are no less favorable to the Fund than an arm's length transaction between independent parties.</p> <p>Subject to any local regulations, the Trustee and/or its related group of companies may deal with each other, the Fund or any Unit Holder or enter into any contract or transaction with each other, the Fund or any Unit Holder or retain for its own benefit any profits or benefits derived from any such contract or transaction or act in the same or similar capacity in relation to any other scheme.</p>	
ADDITIONAL INFORMATION		<p>The Fund is established pursuant to the deed dated 28 April 2011 entered into between the Manager and the Trustee as amended by the First Supplemental Deed dated 15 August 2013, Second Supplemental Deed dated 5 July 2023 and Third Supplemental Deed dated 7 June 2024.</p> <p>THE FUND'S ANNUAL REPORT IS AVAILABLE UPON REQUEST.</p>	The following paragraph has been added.
