5. What are the possible outcomes of my investment?

There are many possible outcomes associated with an investment in the Fund and involves some degree of risk. Investors are to take note that the value of an investment in the Fund and its distributions payable (if any) may go down as well as up and are not guaranteed. The value of your investment is at risk depending on the underlying investments of the Fund.

Under normal circumstances, the Manager aims to out-perform the Fund's benchmark, the 1-year Average Returns under "Equity Malaysia" Non-Islamic category. However, on the flip side, the Fund may post a much lower return or even incurring losses if one or more of the key risks occur**. In the worst scenario where all the investments of the Fund are in default or suspended, investors may lose part or even all of your initial investments.**

KEY RISKS

6. What are the key risks associated with this fund?

PLEASE BE ADVISED THAT IF YOU INVEST IN UNITS THROUGH AN IUTA WHICH ADOPTS THE NOMINEE SYSTEM OF OWNERSHIP, YOU WOULD NOT BE CONSIDERED TO BE A UNIT HOLDER UNDER THE DEED AND YOU MAY CONSEQUENTLY NOT HAVE ALL THE RIGHTS ORDINARILY EXERCISABLE BY A UNIT HOLDER (FOR EXAMPLE, THE RIGHT TO CALL FOR A UNIT HOLDERS' MEETING AND TO VOTE THEREAT AND THE RIGHT TO HAVE YOUR PARTICULARS APPEARING IN THE REGISTER OF UNIT HOLDERS OF THE FUND).

Below are the risks associated in the product which may cause significant losses if they occur.

General risks of investing in the Unit Trust Funds

- **Market Risk**
  Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the fund's NAV.

- **Liquidity Risk**
  Liquidity risks refer to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund hold assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavourable prices.

- **Inflation Risk**
  This is the risk that investors' investment in the unit trust fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce investors' purchasing power even though the value of the investment in monetary terms has increased.

- **Manager's Risk**
  This risk refers to the day-to-day management of the fund by the manager which will impact the performance of the fund. For example, investment decisions undertaken by the manager, as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the deed, relevant law or guidelines due to factors such as human error or weaknesses in operational process and systems, may adversely affect the performance of the fund.

- **Loan Financing Risk**
  The risk occurs when investors take a loan/financing to finance their investment and thereafter unable to service the loan repayments. If units are used as collateral, an investor may be required to top-up the investor's existing instalment if the prices of units fall below a certain level due to market conditions. Failing which, the units may be sold at a lower net asset value per unit as compared to the net asset value per unit at the point of purchase towards settling the loan.

- **Performance Risk**
  As a result of the risk elements, the returns from a fund are not guaranteed. The value of the fund's investment will vary when sold and an investment may be worth more or less than when purchased.

- **Non-Compliance Risk**
  This risk refers to the possibility that the manager may not follow the provisions set out in the prospectus or the deed or the laws, rules, guidelines or internal operating policies which governs the fund. Non-compliance may occur directly due to factors such as human error or system failure and can also occur indirectly due to amendment on the relevant regulatory frameworks, laws, rules, and other legal practices affecting the fund. This risk may result in operational disruptions and potential losses to the fund. The manager aims to reduce this risk by placing stringent internal policies and procedures and compliance monitoring processes to ensure that the fund is in compliance with the relevant regulations or guidelines.

- **Suspension of Redemption Request Risk**
  Having considered the best interests of Unit Holders, the Redemption requests by the Unit Holders may be subject to suspension due to exceptional circumstances, where the market value or fair value of a material portion of the fund's assets cannot be determined. In such case, Unit Holders will not be able to redeem their Units and will be compelled to remain invested in the Fund for a longer period of time than original timeline. Hence, their investments will continue to be subject to the risks inherent to the Fund.

Specific risks associated with the investment portfolio of Areca equityTRUST Fund

- **Stock Specific Risk**
  Prices of a particular stock may fluctuate in response to the circumstances affecting individual companies such as adverse financial performance, news of a possible merger or loss of key personnel of a company. Any adverse price movements of such stocks will adversely affect the Fund's NAV.

- **Counterparty risk**
  A Fund that invests in Structured Products or options will be subjected to counterparty risk. This risk refers to the possibility of the issuer of the Structured Products or options being unable to make payments and/or paying the obligations in a timely manner. This in turn could lead to lower or zero valuation of the Structured Products or options if the issuer is in default. It will have an adverse impact to the NAV of the Funds.

- **Equity-related Securities Risk**
  A Fund that invest in equity-related securities such as rights and warrants, where price movement is dependent on the price movement of the underlying equities the risk is generally higher than their underlying equities as these equity related securities are leveraged form of investment. The price of equity-related securities generally fluctuates more than the underlying equities and consequently may affect the volatility of the Fund's NAV. For example, warrants have a limited life and will depreciate in value as they approach their maturity date. If a warrant's exercise price is above the share price at any time during its remaining subscription period, the warrant will theoretically carry little value and warrants that are not exercised at the maturity date become worthless.

  The abovementioned risks which you should consider before investing into a unit trust fund should not be considered to be an exhaustive list.

  You should be aware that investments in the Fund may be exposed to other risks of an exceptional nature from time to time.

VALUATION AND EXITING FROM INVESTMENT

8. How often are valuations available?

The valuation of the assets of the Fund is carried out on each Business Day.
The NAV per unit of the Fund will generally be found on the Manager's website at www.arecacapital.com.

9. How can I invest in this investment?

Minimum Initial Investment	RM10,000 or such other lower amount as decided by the Manager.
Minimum Additional Investment	RM1,000 or such other lower amount as decided by the Manager.

Note: All completed transaction forms must be submitted to the Manager before the cut-off time by 2.00pm on a Business Day as determined by the Manager. We will process your transaction on the next Business day if we receive your application after the cut-off time. Distributors may impose an earlier cut-off time if you purchase the Units through our distributors.

10. How can I exit from this investment and what are the risks and costs involved?

Minimum Redemption	RM1,000 or 2,000 Units or such other lower amount as decided by the Manager. However, you are required to redeem all of your investment if you have less than 1,000 Units (minimum balance) in the account.
Minimum Balance	1,000 Units or such other lower amount as decided by the Manager.
Redemption Notice / Frequency	Before 2.00p.m. on any Business Day
Redemption Payment	We will pay you within seven (7) Business Days, upon receipt of the duly completed original Redemption form. However, it is our general redemption policy to make payments within three (3) Business Days (T+3 days) from the transaction day
Transfer of Units	Unit Holders are permitted to transfer part or all of their Units in the Fund to their immediate family members by completing a transfer form. However, for the transfer of Units to other investors, it is subject to the discretion of the Manager and the Manager reserve the rights to reject the transfer without assigning any reason. Transfers from corporate accounts to individual accounts are not permitted. You must submit the completed transfer form before the cut-off time on any Business Day. We will process your transaction on the next Business day if we receive your application after the cut-off time. A transfer will be effected subject to the terms and conditions applicable for the respective Fund.

Cooling-off Right	A cooling-off right is given to you if you are investing in any unit trust fund managed by us for the first time. The cooling-off period given to you is six (6) Business Days commencing from the date of receipt of the investment application by us. The refund for every Unit held following a request by you pursuant to the exercise of a cooling-right should be the sum of: - • the NAV per Unit at the point of exercise of the cooling-off right ("market price"), if the NAV per Unit on the day the Units were purchased ("original price") is higher than the market price; or • the original price, if the market price is higher than the original price; together with the charges imposed on the day the units were purchased. Where the market price is higher than the original price paid by an investor, we may agree to pay the investor the excess amount, provided that such amount is not paid out of the Fund or the assets of the Fund. A cooling-off right is given to an individual investor except for where such investor is a staff of the Manager and persons registered with a body approved by the SC to deal in unit trusts. The monies to be refunded to you pursuant to the exercise of a cooling-off right will only be paid after we have received cleared funds for the original investment. You must submit the completed cooling-off form before the cut-off time on any Business Day. We will process your transaction on the next Business day if we receive your application after the cut-off time.
